ABOUT MIJDAF

Logistics built around your business

Established in 2006, Mijdaf Logistics is an independent international freight forwarder delivering customized multimodal transportation to Jordan and worldwide.

Supported by our UK office and an established network of global agents, our team manages every shipment with local insight, clear communication and end-to-end accountability.

Cargo risk protection

01 / FREIGHT

Air Freight

Speed matters. Our airfreight team builds shipment plans around urgency, handling requirements and delivery commitments, then monitors every milestone.

- Import and export consolidation
- Airport-to-airport and door-to-door delivery
- Part and full charter coordination
- AOG, aerospace and time-critical cargo
- Pharmaceutical, luxury and high-value goods
- Dangerous goods, packing and customs support

Sea Freight

Reliable ocean solutions for routine cargo, complex shipments and full supply-chain movements - from port-to-port through complete door-to-door delivery.

FLEXIBLE

FCL / LCL

COMPLETE

Door to door

CONTROLLED

Docs & tracking

- FCL and LCL import/export
- Break-bulk, dry bulk and project cargo
- Part and full vessel charter
- Shipping documentation and customs clearance
- Industrial packing and crating
- Warehousing, assembly and distribution
- Marine insurance support

Road & Project Logistics

An integrated road network connecting major locations in Jordan and the Middle East, supported by suitable trucks, trailers and experienced operational coordination.

- LTL, FTL and bulk cargo transport
- Domestic distribution and cross-border movements
- Heavy, oversized and project cargo
- Dangerous and perishable goods
- Customs-bonded transportation
- GPS-supported tracking and delivery control

PLANNED. CONTROLLED. DELIVERED.

CUSTOMS CLEARANCE

- HS classification and valuation
- Duty and tax assessment
- Import/export permissions
- Temporary and permanent procedures
- Bonded carriage and consultancy

WAREHOUSING & DISTRIBUTION

- Secure short- and long-term storage
- Loading, unloading and handling
- Labeling, packing and crating
- Fumigation and pest control
- Distribution and POD reporting

Quality. Compliance. Protection.

QUALITY MANAGEMENT

We use continuous improvement and total quality principles to reduce errors, avoid rework and deliver a consistent customer experience.

ETHICAL COMPLIANCE

Our employees are guided by applicable local and international requirements, responsible conduct and clear operating standards.

CARGO INSURANCE

We help customers assess risk and arrange suitable coverage options for commercial cargo, vehicles, livestock, fine art and personal effects.

ONE COMPANY. ONE POINT.

Global Relocation

Mijdaf coordinates international moving requirements through one dedicated team and a worldwide service network. From planning to final delivery, every step is managed with care and accountability.

- Household goods and personal effects
- Vehicles and professional equipment
- Packing, crating and international coordination
- Dedicated move supervision
- Single point of contact and responsibility
